 1. Physicians enroll patients directly in the EHR
 2. Patients record health measures via mobile device
 3. Results Interface to EHR
 4. Care Teams Alerted in EHR
- **Engage Friends and Family**

Dragonfly – Live Demonstration

Learn More!

The screenshot shows the GALEN Healthcare Solutions website. The top navigation bar includes links for Blog, Wiki, Webcasts, Forum, and Careers, along with a search bar. The 'Products & Services' menu is highlighted with a red box, and its dropdown is also highlighted with a red box. The dropdown menu is organized into three columns: Products, Professional Services, and Technical Services. The Products column lists eNotify, eCalcs, Dragonfly, VitalCenter, Location Aware Printing, Note Form Reporting, Referrals, and Reports Store. The Professional Services column lists Project Assessment, Operations (with sub-items: Program Management, Project Management, EHR Marketing, Project Governance), Implementation Services (with sub-items: Application Deployment, Workflow Assessment, ICD-10, Meaningful Use), Support, Upgrade Services, and Professional Training. The Technical Services column lists Conversions, Integration Services, Reporting, Contract Programming, Technical Consulting, and Technical Training. On the left side of the page, there is a 'vitalcenter' banner and three blue boxes for 'BLOG' (More Patients, More Data), 'WIKI' (eCalcs – Integrated Health Calculators), and 'DEVELOPER FORUM' (Inbound Orders Interface: Field for "Order Status Reason").
