

# Building v11 Orders

By: Dana McDonough & Melanie Rudd

October 11, 2013

Empowering Extraordinary Patient Care

## Presenters

**Melanie Rudd**

**Dana McDonough**

- ❖ Advanced Note Specialist
- ❖ Implementation Consultant

**Melanie Rudd**

- ❖ Project Manager, Advanced Note Specialist
- ❖ Implementation Consultant

Your phone has been automatically muted.  
Please use the Q&A panel to ask questions during the presentation.

The screenshot displays a Cisco WebEx Event Center window titled "Cisco WebEx Event Center - Dry Run - charge". The main content area shows a presentation slide with the following text:

Embrace the new world of healthcare

**PROFESSIONAL Services**

**Project Assessment**  
Galen can leverage its extensive EHR experience to appraise the condition of your EHR rollout. Drawing on its history of leading successful EHR deployments, Galen will identify areas of weakness to mitigate risk and put the project back on track.

- Evaluate Current State
- Review Organizational Goals
- Create Road Map to Success

**Project Management**  
Galen provides project management solutions to help ensure your EHR rollout success. Galen will provide your organization with the experience necessary to identify, reduce and eliminate project risks.

- Implementation Management
- Resource Management
- Project Plan Design and Execution
- Site Preparation

**Implementation Services**  
Galen's keen understanding of EHR functionality and technical infrastructure uniquely positions it to positively impact every aspect of the EHR implementation process.

- Review and Document Current State Workflows
- Evaluate Design Requirements
- Develop Future State Design

**Connecting Community Healthcare**  
Galen understands the challenges that come with extending your EHR to physicians outside of your organization. Whether you're taking advantage of Stark Relaxation or just trying to provide a way for community physicians to get a complete view of their patients, Galen can help you through the process. Together, we can review your unique situation and help structure an EHR that creates a seamless community connection.

The webcast will begin momentarily...

At the bottom of the slide, there are logos for "vitalcenter" and "GALEN".

On the right side of the interface, there is a "Participants" panel and a "Q&A" panel. The "Q&A" panel is highlighted with a red border and contains the text "Collapse the panel". Below this, there is an "Ask:" dropdown menu set to "All Panelists" and a text input field with a placeholder: "Select a participant in the ask menu first and type your question here. There is a 256 character limit." A red arrow points from the main content area towards the Q&A panel.

## Objectives

**1. Define the Orderable Item Dictionary**

**2. Review each section of the OID**

**3. Outline dictionaries associated with  
OID functionality build.**

**4. Expand on pertinent Preferences & Security related  
to OID**

## What is the OID?

The Orderable Item Dictionary is a dictionary within TWAdmin where orderable items are created and their functions and behaviors are defined

## Populating the OID

**There are 2 entry methods for populating the OID:**

- SSMT**
- TWAdmin / Dictionaries**

**Both methods are beneficial, however some behaviors of an orderable item can only be set via SSMT**

## The Finished Product- Orderable Item

- Corresponding dictionaries: answer, additional information, Item Modifier, RID, OCD, Units
- Security & preferences
- All of these building blocks create a functioning Orderable Item
- SSMT content category: OID-Orderable Item

For the Galen take on industry news, EHR developments, interesting solutions we have developed, and new Galen products check out our blog...

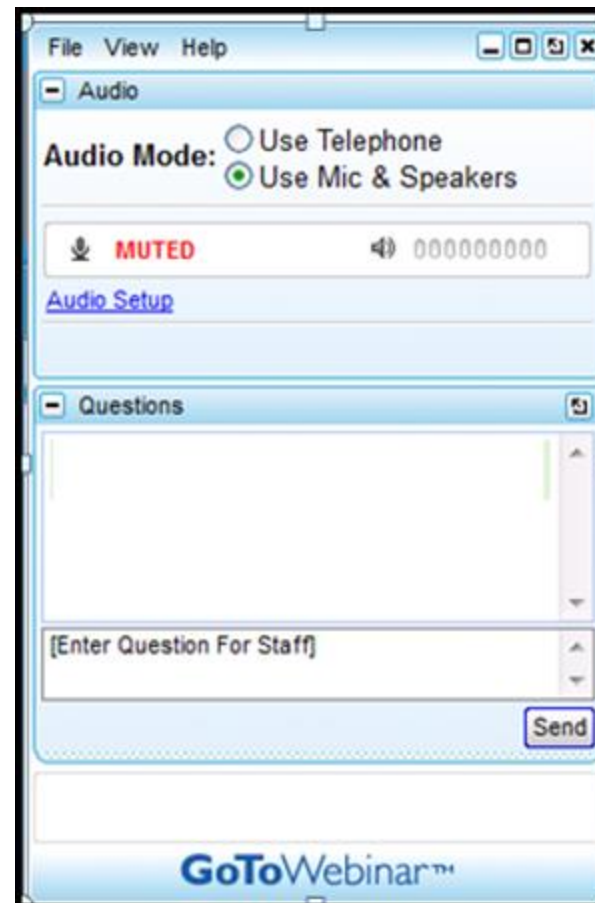

The screenshot shows the Galen Healthcare Solutions blog interface. At the top left is the Galen logo and the word "blog". To the right are navigation links: "Wiki | Webcasts | Forum | Careers | Galen Healthcare Solutions". The main content area features a post titled "Orion Health 2013 North American Healthcare Collaborative" by Ryan.Hunt, dated September 23, 2013. Below the title is a banner image for the "2013 North American Healthcare Collaborative" held from September 10-12 at the Orion Health resort. The post text describes the author's experience at the conference, mentioning discussions on "Big Data" and patient engagement. On the right side of the page, there is a "Sign up" section with an email input field and a "Submit" button, and a "Search for:" section with a search input field and a "Search" button. Below these are "Tags" for "Adoption Allscripts Allscripts Consultants Allscripts Conversion Allscripts Enterprise EHR Allscripts PM Business Continuity Business Intelligence Clinical".

## Q & A

<http://wiki.galenhealthcare.com/Webcasts>

Thank you for joining us today.  
For additional assistance contact us through our website at  
[www.galenhealthcare.com](http://www.galenhealthcare.com)

The screenshot displays the Galen Healthcare Solutions website interface. At the top left is the company logo. The top navigation bar includes links for 'Blog', 'Wiki', 'Webcasts', 'Forum', and 'Careers', along with a search bar. A secondary navigation bar contains 'Who We Serve', 'Products & Services', 'Knowledge Center', and 'Company'. The 'Company' dropdown menu is expanded, showing 'Executive Team', 'Careers', and 'Contact Us'. On the left sidebar, there are menu items for 'Who We Serve', 'Products & Services', 'Knowledge Center', and 'Company', with 'Company' highlighted. Below these are links for 'Executive Team', 'Careers', and 'Contact Us'. A 'Work for Galen' button and a 'vitalcenter' logo are also present. The main content area features a 'Contact Us' heading and a photograph of healthcare professionals. Below the photo is a contact form with the following fields: 'First Name \*', 'Last Name \*', 'Company \*', 'Phone \*', 'Email \*', 'City \*', and 'State/Province \*' (a dropdown menu). A 'Details' section with a text area is located at the bottom of the form.

## Who We Are

### **ALIGN YOURSELF with an Allscripts favorite.**

Galen Healthcare Solutions is a certified Platinum Plus Allscripts partner for EHR adoption — and for good reason. Our company has been involved in hundreds of successful EHR implementations, from 6 physician specialty practices to 7,000 physician networks. Imagine the insights and expertise that Galen would bring to your EHR program.

### **EXPERIENCE success at every level.**

Whatever EHR stage you're in, Galen has the tools and resources to help you succeed. Our seasoned team of experts is skilled in all areas of EHR and can help you with everything from database building to project management and application development to HITECH completion.
